### **VOCAL: Singing Strong: Strategies for Overcoming Vocal Fatigue & Challenges**

**CINDY KENNY** | *New Hope Christian College* | Eugene, OR

As Julie Andrews sang in *The Sound of Music*... "Let's start at the very beginning. A very good place to start." This breakout will cover basic vocal technique principles such as how to breathe correctly, effective breath support and control, extending your range, centering your pitch, navigating the vocal registers, learning to sing harmony, techniques to help your voice blend with others. We will explore practical principles and work on exercises to develop your personal vocal instrument as well as discuss how these principles can be effectively passed on to your vocal teams without turning into a vocal lesson each week.

### **INSTRUMENTAL: Putting It All Together**

**CORY KNOWLAND** | *Peoples Church* | Salem, OR

So, you have the band scheduled, you have the songs picked, you have a vision for the service and everyone is there and ready to rehearse. Now what? How do you take this team and the song selection to a well-rehearsed and powerful presentation of music, and facilitate worship moments that can change lives? We'll walk through a rehearsal of familiar worship songs and see them develop into a congregational worship experience.
